

Quality Policy Statement

It is the policy of **MacDonald Humfrey (Automation) Limited** to provide a Quality Service for the design, supply, installation, commissioning and support for electrical, PLC control and management information solutions to the total satisfaction of our customers. From small low cost work to the installation of high performance systems, **the company name must represent quality to us, our suppliers and most importantly to our customers.**

All employees have a responsibility to support this policy and to comply with the standards, methods and procedures adopted by the company, and to bring to the management or supervisors attention, any problem that cannot be resolved within their area of responsibility.

The organisation, procedures and controls necessary to achieve the objectives set out by this policy are based on our quality assurance policy and comply with:-

- *ISO 9001-2000*

Quality management system specification for design, development, production installation, and servicing.
